

Angle Connector Rigid Mount (DRACM3)

The DAESSY Angle Connector Rigid Mount provides a strong and simple mounting support with extensive device position adjustability. The mount consists of two tubes joined with a rigid connection that can be set at any angle. The mount is non-directional and may be installed on either side of a wheelchair.

KEY FEATURES:

- Simple, sturdy and economical
- Easily removed from wheelchair
- Suitable for most wheelchairs including Tilt Seat Systems

CAUTION (DRACM3):

The Angle Connector Rigid Mount does not swing away and must be removed from the wheelchair to move away from in front of the user.
